Maya Amor

Brand Designer

052-2256403 | maya4085@gmail.com | https://maya-amor.github.io/branding/

Brand and Visual Designer with a background in branding, campaign design, and visual systems across digital and print. Experienced in translating creative briefs into original concepts and cohesive assets for recognized brands, working within brand guidelines with a strong command of typography and layout. Brings a product design perspective, including building design systems from scratch, to create consistent, scalable brand experiences across platforms.

Experience

Self Employed | 2021 - Present

Rounds | Product/UI Designer | Sep - Nov 2025:

- Delivered a modern and intuitive user experience for a couple of Android apps to make the interface more engaging for users.
- Developed design systems from scratch using Material Design, establishing component libraries, typography, and grids.
- Collaborated with a Senior Designer and developers throughout design and implementation.

WordWise | Product/UI Designer | Aug - Oct 2025:

- Restructured screen layouts and content hierarchy, translating product requirements into wireframes and high fidelity UI.
- Developed a reusable design system aligned with the platform's existing brand identity.

Reason:Y Creative Partner | Graphic Designer | May - Dec 2022:

- Developed campaign concepts and visual direction for brands including Planetanya and Moked Emun, translating client briefs into original visual solutions.
- Designed a wide range of branded materials across digital and print, including social media content, banners, presentations, event graphics, signage, and packaging.
- Managed design projects independently from initial brief to final delivery, working directly with the studio manager and incorporating client feedback throughout the process.

SCA studio | Graphic Designer | 2021 - 2023:

- Designed social media content, Instagram Stories, for brands including Padani, Soft Touch, and Mr. Something, creating visuals in line with established brand identities and guidelines.
- Worked closely with the studio's senior designer, incorporating feedback and revisions to ensure consistency with each brand's visual language.

Military Service, IDF | Oct 2018 - Oct 2020:

- Served as a Graphic Designer in the Education and Youth Corps, creating print and digital materials for units across the IDF.
