Maya Amor

Product Designer | UI/UX

052-2256403 | maya4085@gmail.com | www.linkedin.com/in/maya-amor | https://maya-amor.github.io/

Product Designer with a strong background in visual design, specializing in end to end UI/UX, user journey mapping, and scalable design system architecture. Experienced in translating complex user research and competitive audits into intuitive digital products. Proven ability to bridge the gap between design and development, collaborating cross functionally to deliver polished, accessible, and high impact interfaces for B2C and B2B platforms.

Experience

Self Employed | 2021 - Present

Rounds | Product/UI Designer | Sep - Nov 2025:

- Delivered a modern and intuitive user experience for a couple of Android apps to make the interface more engaging for users.
- Improved app navigation to make features easier to find while adding new privacy controls.
- Developed design systems from scratch using Material Design, establishing component libraries, typography, and grids.
- Collaborated with a Senior Designer, Product Manager, and developers throughout design and implementation.

WordWise | Product/UI Designer | Aug - Oct 2025:

- Redesigned a language learning platform to resolve usability issues identified through user testing.
- Conducted comprehensive competitive audits across 5 market alternatives to uncover industry standards, feature gaps, and strategic product opportunities.
- Restructured screen layouts and content hierarchy, building wireframes and high fidelity UI.
- Developed a reusable design system based on the existing brand identity.

Reason:Y Creative Partner | Graphic Designer | May - Dec 2022:

- Developed visual concepts for multiple brands like Planetanya and Moked Emun.
- Translated design briefs into original designs across digital and print formats.

SCA studio | Graphic Designer | 2021 - 2023:

- Created social media content for brands including Padani, Soft Touch, and Mr. Something.
- Executed design assets aligned with existing brand guidelines.

Military Service, IDF | Oct 2018 - Oct 2020:

- Served in the Education and Youth Corps as a Graphic Designer. Worked with units across the IDF to develop print and digital materials.
